

# INDEX

## A

accent lighting, 49  
ambient lighting, 48–49  
animating vehicle lights, 111  
architectural lighting, 55, 70–73

## B

backlighting, 50, 61, 133–135, 158  
basic lighting, 46–47  
battery packs, 25–26, 112  
bleed, reducing, 71  
Bonahoom, Bryan, 3  
BrickFair, 6  
Brickfilms, 56  
Brick Loot, 31–32  
bricks  
    fluorescent, 150  
    glow-in-the-dark (GITD), 149  
    hanging, 52  
    headlight, 110  
    prism, 18  
    translucent, 54, 134, 148–149  
    transparent, 17, 148, 157  
Brickstuff, 30–31, 166–167  
Brickworld World of Lights, 2–7

## C

ceiling fixtures, 53  
character lighting, 93–107  
    lighting minifigures, 94–98  
chip on board (COB) LEDs, 22–23  
Christmas tree lights, 27  
cinematic lighting, 46–47, 50–51  
circuits, 74–76  
color lighting, 51  
commercial lighting options, 27–29  
connectors, 74–76  
custom wiring, 75–76

## D

dimmers, 31–33, 56  
    pulse-width modulation, 32, 56  
DIY lighting, 20–26  
    for minifigures, 94–98  
dynamic lighting, 165–180  
    guidelines for use, 168

## E

edge lighting, 29  
Edison, Thomas, 69  
electrical capacity, 23  
electroluminescent (EL) components, 28  
eLite Advanced (LifeLites), 166,  
exterior lighting, 69–91  
    architectural lighting, 70–73  
    managing wires, 74–76

## F

facade lighting, 72–73  
fill lights, 50–53  
fire effects, 166, 171  
floor lamps, 54  
fluorescent bricks, 150  
Fx Bricks, 114, 167

## G

gels, 53  
glowing bricks, 147–163  
guidelines for using dynamic lighting elements, 168

## H

hanging brick lights, 52  
Harmon, Leon, 158  
Harryhausen, Ray, 45  
headlights, 110  
Hendrix, Rob, 3, 30  
history of glow-in-the-dark bricks, 149

## I

- incandescent light vs. LEDs, 17, 21
- inductive charging LEDs, 98
- interior lighting, 45–67
  - cinematic lighting, 46–47, 50–51
  - dimming lights, 56
  - light fixtures, 51–55
  - traditional lighting styles, 48–50
- inverters in electroluminescent components, 28
- invisible light, 23

## K

- key lights, 50, 52
- kicker lights, 50
- Klingberg, Rob, 30
- Krex, Parker, 31

## L

- landscape lighting, 73
- LEC. See lighting effect controller (LEC)
- LEDs, 21–26
  - anatomy of, 22
  - brightness, 23
  - chip on board (COB), 22
  - color, 23–24
  - current, 22–23, 25–26
  - filament, 28
  - vs. incandescent light, 17, 21
  - inductive, 98
  - pico, 30, 31
  - power supply, 25–26
  - strip light, 28
  - surface-mounted device (SMD), 22
  - through-hole, 22–23, 110
  - viewing angle, 23
  - voltage, 22, 25–26
- LEGO sets
  - Back to the Future*, 117
  - Café Corner, 47, 71
  - Classic Bricks and Lights, 132
  - “The Disney Castle,” 33
  - Lighting Device Pack, 16, 17
  - Temple of Airjitzu, 132
- LifeLites, 30, 166
- light art, 2
- lightbars, 111
- light bleed, 71
- light-diffusing film, 71
- light-emitting diodes. See LEDs

- lighting effect controller (LEC), 166–172
  - Brickstuff, 166–167
  - LifeLites eLite Advanced, 166
  - lighthouse sequence, 166, 171
  - Light My Bricks Rotating Sequence Effects Board, 167–168
  - MINDSTORMS, 18
  - PfX Brick (Fx Bricks), 167
  - Technic Control Center, 18
- lighting kits, 33–35
- lighting systems
  - Brick Loot, 9, 29, 31–32, 34
  - Brickstuff, 9, 29, 30–31, 34, 95, 150, 166
  - commercial, 27–29
  - DIY, 20–26
  - LifeLites, 29–30, 95, 166
  - Light My Bricks, 32
  - official LEGO, 16–20
    - 4.5 V, 17
    - 9 V, 18–19
    - 12 V, 17
    - battery, 19–20
    - Powered Up, 20
    - Power Functions, 20
  - third-party, 29–35
  - Woodland Scenics, 32–33
- light modifiers, 53
- Light My Bricks, 32, 167–168
- light panels, 28–29
- Lincoln, Abraham, 158
- LiteUp Blocks, 31

## M

- managing wires, 74–76
- McCandless, Stanley, 51
- minifigures, 94–98
- Miniland scale, 100
- Model Rectifier Corporation (MRC), 168
- MRC Light Genie, 168
- multi-circuit design, 74–75

## N

- NanoLite (LifeLites), 30
- natural lighting, 48

## O

- optical fiber, 28

## P

- Paine, Sheperd, 47

PfX Brick (Fx Bricks), 114, 167  
point light source, 133  
power supply for DIY lighting, 25–26  
practical lights, 51  
prism bricks, 18  
pulse-width modulation (PWM), 56

## R

reducing light bleed, 71  
resistors, 22, 26

## S

shadow art, 131–145  
    shadowgraphy, 133  
    shadow puppetry, 132–133  
shadow box diorama, 47  
sidelighting, 133  
soldering, 26  
sound board, 31  
sourcing LEGO lighting elements, 17  
sourcing translucent bricks, 149  
specialty lamps, 55  
street lighting, 73–74  
strip lights, 28  
sunlight, 24, 134. *See also* natural lighting  
surface-mounted device (SMD) LEDs, 22

## T

table lamps, 54  
task lighting, 49–50  
third-party lighting systems, 29–35  
three-point lighting, 50  
translucent bricks, 54, 134, 148–149  
transparent bricks, 17, 148, 157  
Tucker, Adam Reed, 2

## U

ultraviolet light, 23, 150

## V

vehicle lighting, 109–129

## W

wall sconces, 55  
window lighting, 71–72  
wire, electroluminescent (EL), 28  
wires, managing, 74–78  
wireless lighting, 98  
wiring diagram, 112  
Woodland Scenics, 32–33  
World of Lights, 2–6  
Wright, Frank Lloyd, 55, 69
