Errata for *The Manga Guide to Databases* (updated to 10th printing)

Page 98: In the first panel, the statement should read:

```
SELECT *
FROM product
WHERE unit_price<200
ORDER BY unit_price;
```

And in the last panel, the average unit price should be 317.5 instead of 3.175.

Page 101: In the third panel, the last item in the SELECT phrase should be `quantity` instead of `export_destination`

Page 112: Question Q13 should read, "What is the largest population of a country in the North Sea District?"

Page 119: The result of the query in Q4 should be the empty set.

Page 120: The results of the query in Q6 should include "The Kingdom of Minanmi," "The Kingdom of Ritol," and "The Kingdom of Sazanna."

Page 123: The `FROM` statement in the answer to Q20 should read: `FROM export_destination`

Page 156: The second sentence of the first paragraph should read "When an exclusive lock is applied, another user can not apply a shared lock or an exclusive lock to other transactions."

Page 160: Q10 should read "Create an SQL statement to revoke the Overseas Business Department's privilege to delete data from the Product Table."
